

D. Umpires

D UMPIRES

Refers to umpires that have either beginner, intermediate or advanced level qualifications. Each umpire must be marked as either active (umpired or participated in umpire education in the past 12 months) or non-active (have a qualification but did not umpire or sit an umpire education course in the past 12 months).

Please list each umpire by name, providing details of the club they are from, the date they received their qualification (e.g. date when they sat coach education course), region details, the name of the instructor of their course; and whether they are active or non-active (based on the above-mentioned definition). We have started the list based on previous advice – please add to this or make alterations based on whether coaches have gone from beginner to intermediate in the past 12 months for example.

18/ Accredited Umpires

- (i) Please list the names of all accredited **Beginner Level Umpires** (those who have attended an official umpiring clinic) in your country, marking as either active or non-active.
